

JULY 2024

Festive Gift Guide and Budget Tracker

Spread Cheer with Affordable Present Ideas

Use this tracker to identify those you wish to buy gifts for, establish a budget for each, and then record your actual cost. Use the 3rd page to color the stockings to track your savings against your goal. Divide your goal amount by 45 to represent the value of each stocking. As you set aside that amount, color the stocking to track your progress!
